

This is level ground
It is all snow!

I especially enjoyed your publication on the "49" blizzard.
This is a picture of a snowdrift on the road in front of our
neighbors house. I parked my "46" Chev. on the road & took the
picture to emphasize the size of the drift.
I am 80 years old and this was the "Blizzard" of my lifetime.
My grandad used to tell us about the "Blizzard of 88" which was
the "Blizzard of his lifetime,
